

私馬鹿

雨隠ギド

That's

our
school's prince,
you know.

Seishu

Seishu

What?

What's going
on over there?

Seishu

Ah... The
one from the
basketball club,
right?

Yeah

She's good at playing
and is a very reliable,
handsome person.
In short, she's a
super cool person.

Seishu

AH!

There's
a mole

at the
spot where
a glendina
would be

私馬鹿

雨隠ギト
Gido Amagakure

She turned
around
and left

after she
finished her
food.

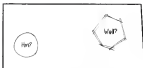

Um... Hm...
The police?

at the
place I
work at

Yes!!
I saw
Kobayashi-
san

No, no, not
She's like a
regular office
lady now!

Where
she
went
school

Someday, the way
you're speaking
is really mean,
you know?

So even the
prince turned into
a normal girl after
graduation, huh?

SECRET

Did you
betriend
her?

A former Shibubane student: From a plain group, who's a freelancer now.

And...

A former idolized prince in high school, who's a beautiful office lady now.

Huh?

Miss!

You've got
a man in
your
stockings

You're
right..

What should
I do?

That's right.

Whenever I see this girl.

I feel like I really want to

leave a mark on my own ear too.

It's raining today, you know?

Where are you going to have lunch?

Are you going to be okay?

You're always having lunch alone

Always alone...

There's still a lot .

Isn't it hilarious?

Yep, yep!

dops!

Seriously?
Even though you're the prince?

Honestly,
I'm not
a very bright person.

Even though I had
hopes and dreams for
basketball, I'm no
longer playing now

My nickname
from high school
is so nostalgic!

I don't have
anything left anymore.

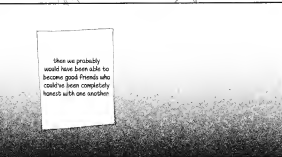

that was
what I felt...

I really
like...

If we were
able to become
friends back
in high school,

then we probably
would have been able to
become good friends who
could've been completely
honest with one another

Ah

My lunch break
is almost
over

Became friends...

who were in love with
you back then.

There were
countless people

to please treasure the feelings of
every single one of them.

I wanted to tell her

She won't know
these things if
I don't tell her...

I'm a fool...

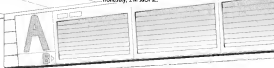

I fell in love with the same person again.

Honestly, I'm such a...

I'm used to traveling
with this stuff.

Did you find
enough luggage?

As I said
earlier, right
about that.

You worry
the people
who don't know
you well
enough.

As to how
we're giving off
similar vibes.

End

We didn't release anything for a few days
because Kouhai was too busy playing
the Love Live game so she could get this
unknown Souma card. (She distracted by
the marriage proposals on tumblr???)
